Hello,

My name is **Dániel**, I'm a senior **product** and **graphic designer** from Budapest, Hungary currently living in **Prague**, **Czech Republic** and working as a UI/UX Designer at **Veeam Software**.

I have over 10 years of experience in designing, developing and maintaining websites and applications that are consistent, elegant, and user-centric. I have worked on many successful projects, both as a freelancer and as an employee, for clients from various industries and domains, to deliver timeless, high-quality products.

In the last years I have specialized in deisgn systems, iconography and user experience design.

Brimme
iOS and Android application. Brimme is a multi-restaurant digital restaurant order solution. Guests can order using thier mobile devices, customizing their order on the category rules set by the restaurant. In the tablet-optimized back-end staff can easily oversee and manage the incoming orders, both for table service and the hard to manage crowd at the bar.
